**Installation scope**
Install four cameras and one recorder, configure live view, test and hand over the system. Exact camera positions require a site check.

**Cable and site assumptions**
Example allows 100 metres of network cable. Confirm routes and any additional length before approving a revised price.

**Customer responsibilities and exclusions**
Customer to provide suitable power, network access and site permissions. Civil work and internet service are excluded.

**Warranty and payment terms**
Confirm equipment warranty and payment stages in the final customer quotation.

Customer approval / date: _____ Supplier signature: _____

Operational template only. Confirm GST treatment, classifications and contractual terms with your adviser. Do not include camera credentials or footage.
